Announcement of Dillon County Teachers' Association.

The monthly meeting of the Dillon County Teacher's Association met Saturday, December 3rd in the Dillon Public School building. At 11:00 o'clock the teachers assembled for the departmental meetings. At these meetings topics of vital interest to the teachers of the different departments were discussed. At 12 o'clock all the departments assembled in the school auditorium for a general meeting. The meeting was called to order by Miss Ruth Allen president of the Association. The devotional exercises were conducted by the Rev. W. B. S. Chandler. A quartet by Misses Brady, Fass, Bethea and Oliver of the Dillon High school was enjoyed by all.

After the business meeting the Association was addressed by Prof. Durrett Dean of Coker College. Prof. Durrett gave the teachers an inspiring and helpful address, using as his subject, "The Teacher."

Fire Damages School Building.

A fire that originated in the cloak room of the sixth grade did between \$1500 and \$2000 damage to the Dillon Public School building Sunday afternoon. The origin of the fire is unknown, but the presumption is that it was caused by spontaneous combustion. The fire department responded promptly, but the fire was confined to the space between the ceiling and roof and the firemen had difficulty in reaching it. There was no school Monday but school opened at the usual hour Tuesday morning and will continue until the holidays when the fire damage will be repaired.

There was a small fire at Jackson Bros. Company's plant Thursday night, but it was discovered before the flames had gained much headway and very little damage was done.

There was also another small fire at the Dillon Mills Saturday night but the watchman discovered it and the flames were extinguished before they gained much headway.

The Greenwich Village Follies, the "revue" comedy of life in New York Quarter Latin which for the past year has been the accepted vogue in New York and Chicago for that fraction of the amusement seeking public ever on the alert for entertainment that fractures the borders of convention and tradition, will flaunt into the Playhouse Theatre, Bennettsville, S. C.

The "Follies" is a staccato succession of travesty, satirical mimicry, vivid stage pictures, droll comic episodes, fantastic dances of the Orient, uproarious burlesque, flippant salvos of jazz, and daring fashion parades. The revue boasts a chorus of the twenty famous artist's models, a refreshingly new type of stage beauty, which has been substituted for the statuesque and that supplied by stolid show girl of the ordinary musical comedy. These artist's models were flinched from the studios, from the shops of the smart modistes, and from the workshops of sculptor and etcher. Theirs is a naive and distinct quality of beauty that has hitherto been unknown upon the stage.

The "Follies" had its inception in the quaint little Greenwich Village Theatre in New York. The theatre lies in that section of New York where the artistically ambitious—verse libre poets, jugglers of cosmic theories, exponents of divers fads and sundry "isms"—congregate to give voice and expression to their varied notions and emotions. But the revue was not long for the village. The cramped dimensions of the theatre could not cope with the immediate popularity of the revue, and soon the "Follies" was moved to the larger theatre in the very heart of Broadway's famous circle. For seven months it was the mecca to which smart audiences made their pilgrimage. There followed an all summer

engagement in Chicago. It will be presented in this city as in New York and Chicago with a cast of exceptional entertainers, prominent among whom, are the Hickey Brothers comedians and dancers, Ray Marr, Mayme Gehrus, Judy Carson, Matt Healy, Lester Garbey, Billy Bann with his inimitable imitations of Pavlova and Farrar, "Japonette" who dances in the Javanese scene, the McDougal Ally Syncopators Kings of Jazz, Robert Dilts, Victor Fay, Alice Humphries and the Bohemia Quartette, all purveyors of fun for the multitude.

KILLING AT GADDYS MILL.
At a negro frolic Saturday night near Gaddys Mill John Bethea, a young negro man, was shot by Jim Floyd, colored, and died Tuesday at a Lumberton hospital. Floyd used a gun and the shot was fired at close range. Floyd is in jail.

THE DOOR SLAMS ON HAPPINESS.
Poor Blood Makes Bad Health—Then Comes the "Blues."
Once the vigor of red blood becomes sapped of its strength, the door to happiness is literally slammed. Weariness of body follows and it unfailingly engenders depressed thoughts. To be reserved and cheerless becomes a habit. After a time there is an almost filmy dimness in the expression of the eyes and a pallor to the skin. Days seem dull and dark and difficult. A sense of insufferable gloom pervades the spirit.

Then it is that Gude's Pepto-Mangan is the great help. It is a red blood builder. It puts red into the blood—increases the number of corpuscles which make blood rich and red. When the blood is restored to its natural healthy state, the sensation of well-being returns. Instead of shuffling along carelessly, there is the firm and springy step, the bright lusterful eyes, the clear complexion, identified with the strength and vigor of good health. The druggist has Gude's Pepto-Mangan in both liquid and tablet form.—Adv.—12 8 It.

SPECIAL NOTICE—Owing to the present conditions I will be forced to put my business on a cash basis. I have sold very extensively on a credit this year and lots of the people failing to pay their bills has made it very embarrassing to me. It is a pleasure to do business with people who pay their bills promptly and I wish to thank my customers for their kind and liberal patronage and I solicit a continuance of your patronage. If you wish to pay your bills at the end of each month I will be glad to do business with you, otherwise please do not think hard of me if no further credit is extended, because I cannot carry accounts indefinitely as I have to pay for all my goods in from ten to thirty days time.
